GROUP 250

Dear Sir:

In response to the Office Action of September 24, 1991,  
please amend this application as follows:

IN THE CLAIMS

*A-017*  
1 (Amended). A cable routing system comprising:

a plurality of cable pathway-defining elements;

each one of said plurality terminating at [at]

*at* least one attachment end and each of said elements including  
walls for defining a cable pathway;

a coupling for joining at least a first one of  
said attachment ends to at least a second one of said attachment  
ends, said coupling including wall means for defining a coupling  
pathway and aligning means for aligning the first and second ones,  
in a predetermined alignment with said cable pathway aligned with  
said coupling pathway, said coupling further including clamp
